

I'm
**Jordan
Vincent**

Designer, Engineer

WORK EXPERIENCE

Roam Analytics, Lead Designer / Sr. UX Engineer

November 2017–Present • San Mateo, CA

- Helping define, promote, and execute Roam's platform vision.
- Iterative prototyping of new user experiences using user research.
- Built the frontend team: hiring, defining best practices, mentoring junior developers.
- Constantly adapting my role to the company needs: from Frontend Engineer to Product Designer and Product Manager.

Cogniac, Sr. UX Engineer

June 2016–November 2017 • San Jose, CA

- Led the design and development of Cogniac's frontend applications.
- Researched and implemented strategies to train computer vision AI using human-in-the-loop.

BitTitan, UX Designer / Engineer Intern

June–December 2015 • Kirkland, WA

- Redesigned an outbound cold calling application heavily informed by user research.

SixDoors, Frontend Developer

May 2013–May 2014 • San Francisco, CA

- Development of SixDoors's web apps.
- Helped the company launch publicly by taking part in all activities, from support to deliveries.

AWARDS

Kantar Information Is Beautiful Awards, Bronze

December 2018 • New York, NY

- Featured on The Verge, Fast Company, and Hacker News.

SELECTED PROJECTS

Adminca, Co-Founder

September 2015–May 2016 • Seattle, WA

- Designed and developed an admin panel as a service that's easy to set up by developers and easy to use by non-technical people.
- Followed a lean startup approach: user interviews, MVP, rapid iterations.
- Used by startups and mobile agencies around the world: 500 signups in two months, 150 weekly active users.

CityDomination, Co-Founder

September 2011–Dec. 2012 • Lyon, France

- Design and development of a multiplayer mobile game. 1,000 downloads within the first month, featured in local newspapers and TV.
- Later acquired by MobInLife and downloaded over a million times on the app stores.

EDUCATION

University of Washington, M.Sc. in Human-Centered Design & Engineering

2014–2016 • Seattle, WA

- Coursework: User Testing, Information Visualization, Visual Communication, Qualitative User Research.

INSA of Lyon, M.Sc. in Computer Science

2009–2016 • Lyon, France

- Ranked 28th out of 665 students.
