

# Jordan Vincent

## WORK EXPERIENCE

### Orb, Frontend Engineer

March 2024–Present • San Francisco, CA

Improving the component library, defining best practices, coaching the team.

Generated Typescript types from Python types, improving type safety, and speeding up development time.

Helped implement Orb's major features: trials, and financial reporting.

### Outdoor Status, Solo-Founder

February 2022–Present • San Francisco, CA

Bootstrapped to \$5,000/month in revenue.

Built a job pipeline to scrape thousands of pages per hour to check permit availability and alert customers.

Built interactive trip builders for major hikes that are now the reference in the community.

### Finta (YC W23), Co-Founder

November 2022–March 2023 • San Francisco, CA

Co-founded Finta, the accounting platform for tech startups.

## EDUCATION

### University of Washington, M.Sc. in Human-Centered Design & Engineering

2014–2016 • Seattle, WA

### Product Engineer with 10 years of professional experience

React • NodeJS • TypeScript • Product Design • Data Visualization

### Airtable, Product Engineer

August 2020–February 2022 • Remote

Designed and built image/video commenting and annotation features.

Designed and built onboarding experiences to make Airtable more approachable to non-technical users.

### Roam Analytics, Lead Designer / UX Engineer

November 2017–August 2020 • San Mateo, CA

Led the design and development of human-in-the-loop interfaces to train NLP models.

Built the Frontend team: hiring, defining best practices, mentoring junior developers.

### Cogniac, UX Engineer

June 2016–November 2017 • San Jose, CA

Led the design and development of human-in-the-loop interfaces to train computer vision models.

## AWARDS
